PROFESSIONAL SUMMARY

Product-driven Full Stack Developer with 4+ years of experience building high-performance web applications. Specialized in the React ecosystem (Next.js, TypeScript), I bridge the gap between complex design concepts and scalable code. With a background in real estate, healthcare, and insurance, I focus on delivering seamless user experiences and robust client-side logic that directly impact business growth.

EXPERIENCE

Arionkoder | Frontend Developer

March 2022-August 2024

Spearheaded the development of the company's official website using Next.js, TypeScript, and Contentful. Implemented high-fidelity animations with Framer Motion and optimized performance through Server-Side Rendering (SSR), ensuring a seamless and fast user experience.

AlterState | Frontend Developer

Jul 2021-Nov 2021

Contributed to the core real estate platform by developing new features and UI components. Focused on improving scalability, resolving critical bugs, and enhancing the overall user flow to meet industry-specific requirements.

Optimiza SRL | Frontend Developer

Aug 2020 - May 2021

Owned the frontend development for various client projects, managing modular assignments from concept to deployment. Led the UI/UX layout implementation and developed complex client-side logic to ensure robust web application functionality.
